

THE STUDENT LEARNING RECOVERY GRANT The Student Learning Recovery Grant allows the YMCA of Morgan County to provide academic enrichments to our after school program in four schools in Morgan County.

A PROGRAM DESIGNED TO HELP YOUR CHILD SUCCEED

This daily after school program will help students meet performance

standards in core subject areas including reading and math. This program will include well-structured and engaging activities that inspire children to learn using a variety of innovative methods.

Through this partnership with teachers and school administrators, students, parents and the YMCA, the program will reinforce and complement classroom learning.

Enrichment activities broaden students' experiences and reflect multi-disciplinary approaches to arts education, physical and health education, social studies, technology education and world languages. **This grant is governed by the Indiana Department of Education and requires participants to attend at least three days per week.**

THE YMCA OF MORGAN COUNTY BEFORE AND AFTER SCHOOL PROGRAM IS DESIGNED TO:

- **Help children grow in spirit, mind and body**
- **Provide STEM and Reading Supplemental Activities**
- **Have fun**
- **Build character**
- **Build self confidence**
- **Develop life skills, self control, conflict resolution, and communication**
- **Strengthen families**

WHY THE Y BEFORE AND AFTER SCHOOL?

The YMCA of Morgan County Before and After School Program is designed to provide care for children while parents are working. Where and how your child spends their time is vital to their growth and success in life. This program focuses on building self confidence and character. We emphasize the Y's four core values in character development - **caring, honesty, respect, and responsibility** - in every activity and interaction. Parents can enjoy a sense of peace knowing that their child is in a safe, comfortable and supportive environment.

The Y is committed to helping your child grow into their potential by providing quality programming. In addition to supplementing what they learned in school, they have the opportunity to participate in a variety of structured activities, get assistance with their homework from trained YMCA staff, have a chance to socialize with their peers and form new relationships. We also see the importance of giving them some time to participate in staff supervised free play, which is vital for their development, growth and self confidence.
